"When we are in alignment with our purpose, the universe will roll at our feet." -Kafka

RE*ORGANIZE

The first sentence in Chapter 6, De-Cluttering for Your Highest Destiny on page 34 is, "in order for energy to move through your space unencumbered, like a beam of light, it is important that order be present." So often clutter presents itself as an obstacle between who you are now and who you want to be and how you really want to live. An example is a messy closet; it will hide the perfect outfit you want to wear for your job-promotion interview. Cluttered drawers will obscure your car keys, creating tardiness on your behalf and a sense of disrespect will be telegraphed to your clients.

The book you wanted to read is under piles of newspapers, your other shoe is under the bed, hidden by unused and out of date clothing, the refrigerator has shelves of spoiled food that was never used because it was concealed -- so much waste cost \$\$\$\$, and of course, the dust that invisibly keeps your good fortune away.

Just like the Seven Dwarves joyously worked in a sparkling diamond mine, you too can whistle while you RE*ORGANIZE, because this de-cluttering journey will enable you to brilliantly mine your re*sources. Cosmic order has lasting benefits!
